PART XX- TRAVEL POLICY

Section 1: Policy Statement

This policy establishes guidelines regarding travel for official City business and for the payment of expenses that will be incurred while performing such travel.

Section 2: Administration

All travel is contingent upon the availability of funds in the proper budget and approval by the appropriate officials. All employees, non-city employees, and boards performing governmental functions for the City of Hampton are subject to the provisions of this policy and the rates set forth herein.

The City Manager, Department Directors and Board Chairs shall be responsible for the implementation of the policy within their department or board, for assuring employees and/or board members comply with the policy, and for ensuring travel expenditures are appropriate and necessary for the conduct of City business. Travel for non-city employees, i.e. appointed officials and the City Manager shall be approved by the City Council. Any information regarding the intent of the policy may be obtained from the City Manager.

Exceptions to the policy may be granted by the City Manager when they are in the best interest of the City and requested in writing by the Department Director or Board Chair. Exceptions for appointed officials and the City Manager shall be approved by the City Council.

Section 3: General

1. All travel within a 200-mile radius of City Hall shall be by automobile. For any travel outside of a 200-mile radius, the City Manager or City Council for appointed officials and City Manager shall decide on a case by case basis what mode of transportation is most appropriate.
2. All travel by air shall be in business or economy class. First class air travel may be used only when business or economy class is not available. Class upgrades and itinerary or booking changes that are not required to meet the business needs of the City nor necessary as the result of unusual circumstances such as an emergency, are the traveler's responsibility and must be paid directly by the traveler.
3. If a class, training, or other registration is offered within the State and outside the State, the attendee must attend the in-State opportunity.

Section 4: Mileage

The City Manager or City Council for appointed officials and City Manager must approve all official travel outside of a 50-mile radius of City Hall prior to departure. The Department Director or Board Chair may approve any City business travel within 50 miles of City Hall that does not include overnight stay. The City Manager or City Council has the authority to deny any travel requests for any reason.

1. Travel on City business will be paid per mile at the mileage reimbursement rate that is set by the IRS. Travelers will not be reimbursed mileage in a City vehicle. Non-Management travelers will receive compensation for any travel time.
2. The actual reimbursement is calculated by multiplying the number of City-used miles by the legally authorized mileage rate. Reimbursable travel status begins at actual departure point (home or work) and

will end at the destination point for official City business following shortest reasonable route possible, and then begins at the place of departure from official City business and ends finally at home or work site depending upon time of day or arrival.

Section 5: Meals

1. Meals associated with travel on legitimate City business are allowable at a reasonable and necessary cost, not to exceed the amount set by the Council and not to exceed the per diem set by the United States General Services Administration (www.gsa.gov). 2. Expenses for alcoholic beverages will not be reimbursed.

Section 6: Registration Fees

All registration fees must be approved in advance by the Department Director, City Manager or City Council. Registration fees may be paid by the City or the traveler, in which case they would be reimbursed by the City if proper approval was received. If the registration is paid directly by the City, a receipt is not necessary.
